

Artists in the schools

Haliburton County

Call to Artists 2019-2020

Since 2004, The Arts Council, Haliburton Highlands have been providing opportunities for children in Haliburton County elementary schools to learn from artists who live in Haliburton County through their Artists in the School Program. (Minden, Haliburton, Cardiff, Wilberforce)

The Artists in the Schools program provides:

- Arts experiences (music, dance, drama, art) for children and teachers with local professional artists in the classroom.
- Curriculum links between the arts and other school subjects. Exposure to various careers in the arts and creative businesses. Connections between the community and its schools.

Each class involved in the program participates in one or more 100 minutes sessions with various artists. The classroom teacher matches the artists and their projects to their students' interests as well as the curriculum. Participating artists are paid and compensated for travel, planning and material fees. We are looking for new artists to join our roster for the 2019/2020 school year.

Please contact Charlene McConnell at charmcc11@gmail.com or 705.754.35363 for further information regarding this opportunity.
